

Mr.Gil,

The new vending regulations, published in the DC Register June 25, 2010. as a part of a plan to eliminate as many vendor, or make it un-profitable to vend on the public space, with just a little ink and one sheet of paper, all vending at the RFK complex is proposed to be eliminated. From June 1992 until March 1994, the police had field day giving ticket to vendors working at RFK. In the spring of 1993 Mr. Marion Barry, MAYOR called a meeting, in his office, with Mr Hampton Cross and the vending war lord, Maurice Evans. AT the conclusion of this meeting the directive was given to Mr. Hampton cross to established a community vending zone at RFK WE were not as lucky as the vendors at Easter market, vending on public space and a law was passed, no vending license or payment in lure of taxes. There are many events at RFK, I am recommending that RFK is not closed. I have no problem with a set number of site.to close RFK would have adverse impact on the 22 vendors that work special events. This e-mail, Please include with the other comments, for the record, the vending regulation, published June 25, 2010.
